The memorial requires some maintenance. Ad Astra is willing to rub down and carry out any painting that is required. There will be no cost to the Parish Council. The grass will be scarified and reseeded. It is not known if planning permission would be required for the new plinths. Cllr Young will enquire. It is hoped that a hard standing area can be created at the memorial so that people will be able to read the new inscriptions.
An application for the road closure during the service and parade has been submitted to CYC. The Parish Council will ensure that road closure times are indicated on any signage.
It was agreed that the cost of hiring personnel to man the road closure should be looked into with a possibility of sharing the cost with the Airfield as there will be a high level of security required. **YE, SL**
